

EXPLORE YOUR PATHWAY

Exciting opportunities for 16-19 year olds

Oak Lodge Sixth Form offers four main pathways, Vocational, Pre Vocational, Towards Independence and Academic. However, learning can be personalised to meet the needs of all of our learners.

At the heart of the provision is a commitment to provide students with work related learning opportunities, extended work experience, careers advice and guidance, pastoral support and a strong focus on numeracy and literacy.

SIXTH FORM

What We Offer

The **Pre-Vocational Pathway** is suitable for students who need to improve their English and Maths in order to meet the entry requirements for future vocational courses. It is also suitable for those students who may not be ready socially or emotionally to transition onto a full-time college placement. Students also have opportunities to study Sports Leadership, participate in the Duke of Edinburgh Award and various taster courses as well as work related learning opportunities.

The **Vocational Pathway** offers personalised learning programmes for students working at Entry 3 or Level 1 in literacy and numeracy who want to develop vocational skills which they can use to progress to further learning. We work with a partner provision to provide a wide range of vocational courses.

The **Academic Pathway** offers personalised learning programmes for students with literacy and numeracy qualifications at level 1 and level 2 and can therefore access courses at level 2 and above. We work with a partner provision to offer a wide range of courses.

Towards Independence is suitable for students who are working at E1 or below and will find it difficult to access mainstream vocational courses. The aim of this pathway is to prepare students for their transition to adulthood so that they are able to go into the world and function to the best of their ability in their everyday lives.
